Mackenzie Investments is a Champion of Childhood Disability. Its support of an Allied Health Clinical Leadership Chair at Holland Bloorview Kids Rehabilitation Hospital ensures our skilled professionals are actively involved in finding ways to improve care for kids with disabilities. The Allied Health Team's work with Sean has been critical to his learning how to sit, stand, and even take a few steps. With help from his team, Sean is participating in music therapy and communications research. All of this leads to better health outcomes for Sean and many young people like him.
