

The unlimited Emily.

Sandra and Vito Bigioni are Champions of Childhood Disability. They have raised \$1 million to keep respite programs and camps at Holland Bloorview Kids Rehabilitation Hospital operating for years to come. For their daughter Emily and thousands of other children with complex disabilities, it means they will continue to grow artistically, socially, physically and mentally in a safe and stimulating environment. The Bigioni family and their friends are creating a world without limits for children with disabilities.
